1. Acceptance/Agreement
Seller's commencement of work on the goods subject to this purchase order or shipment of such goods, whichever occurs first, shall be deemed an effective mode of acceptance of this purchase order. Acceptance of this purchase order may not be conditioned on performance of any act or omission of Buyer. In the event of any material difference between the order and the goods delivered, Buyer may return the goods at Seller's expense, and, in addition to Buyer's other rights, Buyer may charge the Seller all costs, expenses, and damages incurred. In the event of claim that the order has been modified, the changes shall be in writing and signed by a duly authorized representative of the Seller. If such changes result in an increase or decrease in the Seller's cost or in the time for performance, an adjustment in the price and time for performance will be made by the parties in writing. Unless Seller presents to the Buyer an itemized statement of claim against the Buyer within 20 days of notice of such claim, the Buyer shall be conclusively deemed to have waived all claims against the Buyer with respect thereto.

2. Termination
Buyer may at any time terminate this order in whole or in part for its convenience and without fault of Seller and without liability of Buyer except as stated in this Section 2 upon written notice to Seller. In the event of such termination, Seller shall be entitled to reasonable termination charges consisting of a percentage of the order price reflecting the percentage of the work performed prior to termination plus actual direct costs resulting from termination.

3. Confidential Information
The specifications, drawings, designs, manufacturing data, and any other information transmitted to Seller by Buyer in connection with the performance of this purchase order are the property of Buyer and are disclosed in confidence upon the condition that they are not to be reproduced or copied or used for furnishing information or equipment to others or for any other purpose detrimental to the interests of Buyer.

4. Warranties
Seller warrants that all goods and services covered by this order shall conform to the specifications, drawings, samples or other description upon which this order is based, shall be fit for the purpose intended, merchantable, of good material and workmanship and free from defect in material or design. Buyer's inspection, test, acceptance or use of the goods furnished hereunder shall not affect the Seller's obligation under the warranties, and Buyer, if so required by the terms of the description, quantity, price or delivery schedule of the goods, but shall be deemed a material alteration thereof, and this offer shall be deemed accepted by Seller without said additional or different terms. If such purchase order shall be deemed an acceptance of a prior offer by Seller, such acceptance is limited to the express terms contained herein. Additional or different terms or any attempt by Seller to vary any of the terms of this purchase order shall be deemed material and are objected to and rejected, but this purchase order shall not operate as a rejection of the Seller's offer unless it contains variances in the terms of description, quantity, price or delivery schedule of the goods.

5. Price Warranty
The Seller warrants that the prices for the articles sold to the Buyer under this order are not less favorable than those currently extended to any other customer for the same or like articles in equal or less quantities. In the event Seller reduces its price for such article during the term of this order, Seller agrees to reduce the prices hereof correspondingly.

6. Force Majeure
Buyer shall not be held responsible for acceptance of all or any part of the materials tendered for delivery under this agreement due to federal, state or municipal action, statute, ordinance or regulation, strike or other labor trouble, fire, windstorm or any other incident outside of Buyer's reasonable control which shall make such acceptance impossible or impractical.

7. Patents
Seller agrees, at its own expense, to defend any suit or action against Buyer or against those selling or using the goods or services covered by this order for alleged infringement of patent, invention rights or other intellectual property rights arising from the sale or use of such goods or services and to indemnify and save Buyer harmless from any damages, liabilities, claims, losses, and expenses (including attorney's fees) paid or incurred by Buyer in connection with any such suit or action, whether against Buyer or against those selling or using the goods or services covered by this order; provided, however, that this indemnity shall not apply to any such damages, liabilities, claims, losses or expenses arising out of compliance by Buyer with specifications furnished by Buyer.

8. Indemnity and Insurance
Seller shall defend and indemnify Buyer against all damages, liabilities, claims, losses and expenses (including attorney's fees) arising out of, or resulting in any way from any defect in the goods or services purchased hereunder or from any act or omission of Seller, its agents, employees or subcontractors. Seller shall maintain such public liability insurance, including products liability, completed operations, contractors' liability, professional liability, automobile liability insurance (including non-owned automobile liability) and Workmen's Compensation, and employer's liability insurance as will adequately protect Buyer against such damages, liabilities, claims, losses and expenses (including attorney's fees). Seller agrees to submit a certificate of insurance, evidencing its insurance coverage and to name Buyer as an additional insured on a primary and noncontributory basis under such coverage when requested by Buyer.

9. Changes
Buyer shall have the right to make changes in drawings, specifications or instructions for work in methods of shipment and packaging and schedules and place of delivery as to any material and the work covered by this order and Seller agrees to comply with such changes. Such change notices will be in writing and signed by a duly authorized representative of the Buyer. If such changes result in a decrease or increase in the Seller's cost or in the time for performance, an adjustment in the price and time for performance will be made by the parties in writing. Unless Seller presents to the Buyer an itemized statement of claim against the Buyer within 20 days of notice of such change, the Buyer shall be conclusively deemed to have waived all claims against the Buyer with respect thereto.

10. Inspection/Testing/Rejection
Payment for the goods delivered hereunder shall constitute acceptance of the goods. Buyer shall have the right to inspect such goods and to reject any or all of said goods which are in Buyer's judgment defective. Goods so rejected and goods supplied in excess of quantities called for herein may be returned to the Seller at the Seller's expense and, in addition to Buyer's other rights, Buyer may charge the Seller all costs, expenses of unpacking, examining, repackaging and reshipping such goods. In the event Buyer receives goods whose defects or nonconformity is not apparent on examination resulting in deterioration of or destruction of goods, Buyer shall have the right to retain possession of such goods and to institute a waiver of any claims which Buyer may have for delays in delivery.

11. Buyer's Property
The Seller agrees that the information, tools, jigs, dies, etc., drawings and specifications supplied or paid for by the Buyer shall be and remain Buyer's property and shall be held by the Seller for Buyer's use and disposal. The Seller will account for such items and keep them in good working condition and fully covered by insurance at all times without expense to Buyer.

12. Delivery
The terms of delivery are as stated in the reverse side hereof. Shipments in greater or lesser quantity than ordered may be returned at Seller's expense. Goods which are delivered in advance of schedule are delivered at the risk of Seller and may, at Buyer's option, be returned at Seller's expense for proper delivery and/or have payment therefor withheld by Buyer until the date that the goods are actually scheduled for delivery.

13. Assignment and Subcontracting
This order and any payments to be made hereunder shall not be assigned or transferred without prior written approval by Buyer. No invoices may be rendered by others than the named Seller without the written permission of Buyer. All claims for monies due or to become due from the Buyer shall be subject to deduction by the Buyer for any setoff or counterclaim arising out of this or any other purchase orders with the Seller, whether such setoff or counterclaim arose before or after such assignment by the Seller.

14. Compliance with Toxic Substance Control Act
Seller warrants that each and every chemical substance constituting or contained in the products sold or otherwise transferred to the company under this purchase order is on the list of chemical substances compiled and published by the administrator of the Environmental Protection Agency pursuant to the Toxic Substances Control Act (TOSCA) and are otherwise in compliance with said Act.

15. Change Notice
a. Time of the essence. Buyer may cancel this order in whole or in part at the express options of the Buyer, but if it becomes evident that Seller is not conducting the work in accordance with specifications, or with such diligence as to permit delivery on or before the delivery date. In such event, Buyer shall have all of the rights and remedies prescribed by law for Seller's breach, including incidental, indirect, special and consequential damages caused thereby, in addition to those specifically provided for herein. Acceptance by Buyer of all or any part of the materials shall constitute a waiver of any claims which Buyer may have for delays in delivery.

16. Setoffs
Buyer shall have the right to set off any monies owed to the Buyer by the Seller (including for breach of contract or warranty) against any monies due Seller from Buyer under any contract between the two parties.

17. Cash Discounts
Cash discount period shall be computed as commencing with receipt of acceptable invoice or acceptable goods, whichever is received later.

18. Compliance with Federal Labor Laws
Seller agrees to comply with all US labor and employment laws, regulations, and Executive Orders applicable to Seller or to this Purchase Order, including but not limited to the following: (i) Equal Employment and Affirmative Action, Civil Rights Act of 1964 as amended (42 USC 2000e et. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, national origin, protected veteran status or disability.
